June 8, 2005

The Orange County Chapter Triple X Fraternity would like to congratulate you and your organization for putting on this grand inaugural event to bring the various Armenian groups and organizations together. It is only through efforts such as yours that the Armenians in this area can discover the many Armenian organizations that are in Orange County and take part in them.

It is our sincerest hope that this event will become an annual event that continues to bring together all Armenians and their friends to share in our rich history and traditions.

Again congratulations to the Orange County Armenian Festival for putting on this superb event.

Sincerely,

Ronald Sarouhan
Master Orange County Triple X Fraternity
